

For 3rd Grade and up.... don't forget to order your Smoothies!

You can follow these simple steps to order a smoothie:

Log onto WWW. XTREMEJUICE.COM

1. Click the "Chalkboard" in the lower right hand corner that says "online school ordering."

2. If you are a new customer, you must register and set up your account. Once registered you will need to add any child that is eligible to receive smoothies in "My Account."

3. If you ordered online last year your account is still active simply login using your user name and password. **When you log into your to your account, you will need to change your child's grade for the 2011-2012 school year.** You will also need to add any new child in your family that is eligible to receive smoothies in "My Account."

4. Once you are ready to order click on "Order." Then follow these steps:

Select Child, Select Flavor, Select Quantity, Select Date

You may continue to order for as many dates as you would like through December 9 but you must repeat steps a-d each time you want to order for another date. **NOTE:** Make sure you double check the date you are ordering because it defaults automatically to the current date.

Any questions, contact me, Susan Taulbee, at 220-6630. Thank you for supporting the Parents' Association.
